TOGETHER FOREVER

PRIME RISHTA

REGISTRATION PROCESS

Prime Rishta was established in 2010 with an intention of helping the Sikh and Hindu community, to find the right matrimonial alliances. We have been catering to thousands of individuals in their venture to find their right match. In the good old days, Groom/Bride hunting would happen based on communication within the community, where people would discuss potential bride and grooms, their backgrounds along with their family and cultural values.

We at Primerishta.com bring to you an advanced version of matchmaking, where we put in personal effort to understand your dream companion and provide an extensive search network to find you, your “The one!”. Till today we have brought the happiness of being wedded to close to 15,000 Indians settled in the US, UK, Canada, and Australia.

While matchmaking has become a business out there, we understand the importance of good partnership between a couple. Marriage is an emotional ceremony, where two individuals decide on coming together to start a new life, it's an event that makes two families as one big happy family. At Primerishta.com we understand the value of family and love and therefore we've brought to you this platform where our matchmakers make it their personal goal to bring to you the happiness of finding true love!

What do we offer and how are we different?

- We give you personalised services with a locally present matchmaker. This match maker would be thoroughly prepared with your preferences and will scout out to find you the partner of choice. These matchmakers are proficient in the process for the last 8 – 10 years.
- We make sure that you find a partner who is present locally, based on your location of current residence.
- We will be showcasing all those profiles, and in fact only those profiles that have at least a 95% match with your preferences.
- All profiles shown to you will be absolutely active at the time of showcasing.
- We are aware of privacy concerns and will ensure confidentiality of all your private information. Your information will be revealed only to genuinely interested profiles.
- We will ensure that if you are willing to settle in the countries we cater to, we will assist you in finding profiles where the individual has permanent residency or citizenship.

What do we offer and how are we different?

- While we cater to Sikh and Hindu community right now, we are extending our services to Muslim community as well.
- You can find profiles, not just of the same community or religion, but of the same castes and sub castes, for e.g. Gursikh and Amritdhari profiles, Kayasth and Kanyakubj Brahmins, or Bohra Muslims, etc.
- We assure you that once you register with us, we guarantee you will find your Prime Rishta within a span of three months!
